

**We will work with you to identify the most suitable volunteering role for enabling volunteers to make choices. We will support you to access training opportunities in accordance with individual needs and will cover out-of-pocket expenses.**

"I had been part of Hope many years ago, they helped me when my children were small. I felt the need to give something back – I like sharing, caring and being part of a team working in the community. I feel inspired by their dedication and openness to learning new skills and feel happy to be part of this."  
**Michelle**

Would you like to make a difference to your community?  
Do you want to gain more skills?  
A small amount of your time can make a massive difference.

**Volunteering with Hope you can:**

- Help people in your community
