

## Our support includes

- Informal education
- Help to make informed choices
- Developing life skills
- Developing and maintaining independence
- Staying safe and happy
- Sexual Health awareness
- Educating/raising awareness around areas including grooming for gang activity, teenage abuse, drug addiction, child sexual exploitation
- Working with young people and their families wherever they are - at home, at school, in our groups or out on the street.
- Attendance and advocacy in professional meetings
- Helping young people in the care system
- Supporting young people through the transition between childhood and adulthood
- Helping them find education and work
- Building relationships between the young person and their parent/carer
- Delivering one to one key work and group work
- Supporting asylum seekers, refugees and any newly arrived young people
- Networking and signposting
- Attending meetings with partner agencies
- Working with hard to reach young people and their families who feel forgotten or let down by society

We also offer placements for students and opportunities for volunteers to develop their skills.

**We also offer a range of activities including after school clubs, social groups, outings, workshops, one-to-one support and structured information sessions. This enables us to provide social opportunities, fun and friendship as well as support.**

**To find out how we can help, drop into the centre or contact us for a chat.**
