

PROJECT MANAGER

Hope Community, Heath Town, Wolverhampton

37 Hours per week

Salary, £30,305 - £33,581 per annum

Over the last 30 years Hope Community has reached out to the most vulnerable and isolated members of the community in a disadvantaged area of Wolverhampton. Our aim is to integrate and help build a successful multi-cultural community where the gifts of each individual are recognised, appreciated and valued. We seek out those most in need through outreach and provide a range of services for all; children and young people, families, women, older people, refugees and asylum seekers, through groupwork and 1:1 tailored support programmes.

We require an enthusiastic Project Manager to lead and develop this successful charity. Candidates will have experience of leading, developing and co-ordinating services, staff and volunteers in a community setting; along with the ability to network, secure funding and manage budgets. An excellent communicator and team player, you will be self-motivated and organised and able to work independently using your own initiative.
