

# About Hope Community

Hope Community provides support for all people in the Heath Town area of Wolverhampton. We work towards building an integrated community, to reduce social isolation, raise aspirations, strengthen family relationships and help people feel they are valued members of society.

We began in 1985 when Infant Jesus Sisters began knocking on doors to seek out the most isolated and vulnerable people in the area and to this day we continue to do just that. Our services have changed over the years to reflect the changes and to respond to the needs of the local community.

What has not changed is our commitment to helping people who are vulnerable, isolated, experiencing difficulties in their lives or who are disadvantaged and excluded by society. We believe that everyone has gifts which should be recognised and appreciated.

Hope Community is an independent Charity strongly supported by a partnership between the Infant Jesus Sisters, Father Hudson's Care and the Catholic Archdiocese of Birmingham

## How we work

Hope Community is your community. We are often out and about, asking how you are and how we can help. Our doors are open to those needing support.

We listen to you and keep in touch, visiting you, working with you and your family to overcome problems.

We work with others to strengthen the community and break bonds that tie you down.

We do not judge, but we will provide honest, independent advice. We are there for everyone in the community.
